PICTURE	DESCRIPTION	UNIT OF MEASURE	PRICE
	<b>Crushed Recycled Glass - Course 20 Mesh .85</b> Some Recommended uses include:	Individual 25kg bags	\$40.00
	shipping containers, skip bins, removal of thick coating e.g powder coat, epoxy coatings - exposing aggregate on concrete.	1 Tonne Bulk Bag	\$650.00
	Heavy steel e.g chassis rails, tipper bodies, steel boats rust removal, line removal from asphalt, wrought iron	Pallet of 40 x 25kg bags	\$720.00
	<b>Crushed Recycled Glass - Fine 50/100 Mesh 3015</b> Some recommended uses include:	Individual 25kg bags	\$40.00
	shipping containers, automotive, car panels, brake calipers, plastic bumpers, rust removal, paint from hardwood, brick, steel and concrete, graffiti removal, sandstone, aluminium, line removal from concrete, smoke damage -bricks & Tiles	1 Tonne Bulk Bag	\$650.00
		Pallet of 40 x 25kg bags	\$720.00

PICTURE	DESCRIPTION	UNIT OF MEASURE	PRICE
	<b>Garnet - 20/40, 30/60, 80 and 120 Mesh</b> Some Recommended uses include:	Individual 25kg bags	\$50.00
	cerakote, 2 pac mill scale, Rust Removal, Heavy Machinery, steel boats, aluminium Doors, Steel, cabinet use, automotive, water jet cutting, heavy coating from concrete - basically when crushed glass can't do the job.	1 Tonne Bulk Bag	\$920.00
		Bulk bag full of 40 x 25kg bags	\$920.00
	<b>Crushed Plastic Urea (mil spec) 20/40 &amp; 40/70 Mesh</b> For when you don't want a profile. This is a good alternative to walnut shell or soda.  Some recommended uses include: softwood, aircraft, glass (without frosting the glass)	Individual 25kg Box	\$165.00
	<b>Glass Bead 20/40, 30/40 and 50/80 Mesh</b>	Individual 25kg bag	\$60.00
	Some recommended uses include: stainless steel, Metal Cleaning, peening and deburring a surface, aluminium, cabinet use	Bulk bag full of 40 x 25kg bags	\$1,600.00
	<b>Rust Inhibitor 200:1 Ratio - Australian Made</b>  Concentrated salt remover and flash rust preventer and de-greasing aid.  Removes all contaminates including salts, oil and blast residue.  Flash Rust prevention for approx 48-72 hours.	20 litre cube	\$280.00

PICTURE	DESCRIPTION	UNIT OF MEASURE	PRICE
	<p><b>Rust Converter - Australian Made</b></p> <p>Rust treatment for interior, exterior, automotive, industrial, marine or domestic application.</p> <p>Removes rust spots, cleans and polishes stainless steel, chrome, brass and copper.</p> <p>Ideal for bikes &amp; tools etc. Rusty parts can be soaked in Rust converter.</p>	20 litre cube	\$280.00
	<p><b>3M Versaflo TRm-306C Hard Hat Head unit w/Tr300 Papr Turbo Unit - 13084</b></p>	Per Kit	\$2,600.00
	<p><b>Ear Muffs Class 4 to connect to Versaflo Hard Hat - 11204</b></p> <p><b>Vesaflo M-928 Peel offs visor (pack of 10) - 11313</b></p> <p><b>P3 Particulate Filter TR 3712E - 11893</b></p>	<p>per set</p> <p>pack of 10</p> <p>each</p>	<p>\$55.00</p> <p>\$24.00</p> <p>\$76.00</p>
	<p><b>Single station charging kit TR-341A-23646</b></p> <p><b>Versaflo Hi Capacity Battery TR-332E - 12362</b></p> <p><b>Heavy Duty BT hose - 26963</b></p> <p><b>3M 4520 Protective Coverall x large - 10335</b></p>	<p>each</p> <p>each</p> <p>each</p> <p>each</p>	<p>\$359.00</p> <p>\$490.00</p> <p>\$244.00</p> <p>\$9.50</p>

Picture	Description	Part #	Price
	<p>With a 15-minute continuous run time, the DB150® Abrasive Blaster delivers big power in a small package. Needs a minimum of 75CFM compressor. Nozzle size #4/16" multimedia wet and dry</p>	DB150	\$14,000.00
	<p>With a 30-minute continuous run time, the DB225® available in Electric or Pneumatic styles. Needs a minimum of 185 CFM compressor. Nozzle size #5/16" multimedia wet and dry</p>	DB225-P Pneumatic	\$18,000.00
	<p>With a 45-minute continuous run time, the DB350® Abrasive Blaster, a compact yet mighty solution for all your blasting needs, the DB350® is your go-to tool for any blasting project. Needs a minimum of 110 CFM compressor. Nozzle Size #4 multimedia wet and dry</p>	DB350-P Pneumatic	\$20,000.00
	<p>With a 60-minute continuous run time, the DB500® Abrasive Blaster is one of our most popular blast pots. Needs a minimum of 185 CFM compressor. Nozzle size #5/16" multimedia wet and dry</p>	DB500-P Pneumatic	\$25,000.00
	<p>The DB800® Abrasive Blaster offers 90-minutes of continuous operation, making it more than adequate for even the most intensive abrasive blasting projects. Needs a minimum of 185 CFM compressor. Nozzle size #6/16" multimedia wet and dry</p>	DB800-P Pneumatic	\$28,000.00

**Dustless Blasting Parts - If I don't have them listed give me a call on 1300 129 990**

Picture	Description	Part #	Price
	KF-17-G Elbow Adapter Coupling Gasket Pinch Plate Gasket for use with DB150® (1), DB225® (2), DB500® (2), DB800® (2), DB1500® (2), and DB3000® (2).	A-MF0070	\$30.00
<p>Complete fill cap set up A-MF0266 (DB225) and A-MF0475 (DB500/DB800) Includes - 1 fill cap and 1 fill cap gasket If you start to notice your fill cap is leaking a small amount of air, or it has become hard to put on and/or take off, your fill cap gasket could need to be cleaned.</p> <p>This gasket helps create an airtight seal to hold in all that pressurized water and media during blasting. After several hours of blasting this gasket could potentially built-up tiny bits of debris causing a less than perfect seal.</p>			
	DB225 Fill Cap Complete for “A” series A-60-1	A-MF0266	\$370.00
	DB500/DB800 Fill Cap Complete for “B” series – B-60-1 with Gasket	A-MF0475	\$465.00
<p>Thunderblast Pinch Hoses without couplings- This pack of 3 is a vital component of your Blast Pots Operation- Responsible for stopping the blasting process. Regular visual inspection and rotation of the pinch hose are recommended, and it should be replaced at the first signs of wear to maintain optimal performance. We recommend replacing the pinch hose monthly or after it has been rotated 4 times.</p>			
	1" Pinch Hose (Pack of 3) 1"ID Thunderblast Pinch Hoses without couplings - suitable for DB500 or DB800 Blast Pots.	A-MF0442	\$80.00

Picture	Description	Part #	Price
	3/4" ID Thunderblast Pinch Hoses - 3 Pack without couplings - Suitable for DB225 Blast Pot.	A-MF0468	\$50.00
	1" Pinch Hose with 2-Lug Couplings	A-MF0239	\$170.00
	50' Pneumatic Twin Line with (4) Female and (2) Removable Male brass adapter fittings (1/8" Brass Hex 7/16") For use with the DB225, DB500, DB800, DB1500 and DB3000	A-MF0457	\$320.00
	1-1/4" ID Air Hose, 50 ft, 4 -lug couplings This hose is designed to connect your compressor to your blast pot, ensuring a steady supply of air during your blasting operations. For use with DB500, DB800, DB1500, and DB3000 machines. The 4-lug couplings ensure a secure and reliable connection to your equipment.	A-MF0445	\$690.00
	Fill Funnel - DB225 Abrasive fill funnel Size is suitable for the DB225 model only	A-MF0459	\$170.00
	Fill Funnel - Abrasive fill funnel Size is suitable for the DB500 and DB800 models only.	A-MF0460	\$170.00
	(KIT) KF-17 Elbow Adapter with Gasket - 80790/001  Flanged Two Bolt Flat Backed Blast Hose Coupling for use with the DB150, DB225, DB500, DB800, DB1500, and DB3000.	A-MF0461	\$170.00
No Image	AB-61-R Blow Offline Restrictor	A-MF0492	\$100.00

Picture	Description	Part #	Price
	<p>M-23 -G Outlet Elbow Insert Gasket Elbow cap gasket for use with the DB150, DB225, DB500, DB800, DB1500 or DB3000</p>	A-PG0005	\$18.00
	<p>M-13 Packing Gland Nut Internal Gasket for DB225, DB500, DB800, DB1500, and DB3000.</p>	A-PG0008	\$115.00
	<p>M-17-G Outlet elbow cap Gasket Elbow cap gasket for use with the DB150, DB225, DB500, DB800, DB1500 or DB3000</p>	A-PG0009	\$17.00
	<p>Inlet Jet Gasket for use with the DB150, DB225, DB500, DB800, DB1500 or DB3000.  The Air Inlet Jet Gasket is located at the bottom of the machine and is used to form a tight connection between your Blast Pot and the Air Inlet Body.</p>	A-PG0010	\$10.00
	<p>Small Pneumatic Turbine Vibrator Small pneumatic turbine vibrator for the DB150® and DB225® models. Engineered to ensure there is a constant flow of water and abrasives during the sandblasting process.</p>	A-PG0091	\$355.00
	<p>Large Pnuematic Turbine Vibrator for DB500® and DB800® models. Engineered to ensure there is a constant flow of water and abrasives during the sandblasting process.</p>	A-PG0497	\$400.00

Picture	Description	Part #	Price
	SB-30-G Gauge TPT-2.5" x 300 PSI 1/4" Air Pressure Gauge, Liquid Filled	A-PG0096	\$47.00
<p>Ensure accurate pressure monitoring with the liquid filled gauge, calibrated from 1-300PSI. This gauge is compatible with all Dustless Blasting Systems. Liquid-filled design for enhanced durability and readability. Offers precise pressure Measurement for optimal blasting performance.</p>			
	1/4" Filter Regulator (and Gauge) Pinch Hose Filter Regulator with Moisture Trap	A-PG0104	\$170.00
<p>This filter regulator works with DB225, DB500, DB800, DB1500, and DB3000. This combination Filter/ Regulator minimizes space and piping by integrating the 2 units into one. Standard features include a relieving regulator, which can be quickly locked by pushing down on the adjustment knob.</p>			
	Outlet Elbow Insert M-23 Hardened Elbow insert for use with the DB150, DB225, DB500, DB800, DB1500 or DB3000	A-PG0163 Parts you <b>May</b> need: A-PG0005 A-PG0009	\$115.00
	Fill Cap Gasket- Suitable for DB225	A-PG0164	\$55.00
<p>If you start to notice your fill cap is leaking a small amount of air, or it has become hard to put on and/or take off, your fill cap gasket could need to be cleaned. The gasket helps create an airtight seal to hold in all that pressurized water and media during blasting. After several hours of blasting this gasket could potentially build up tiny bits of debris causing a less than perfect seal.</p>			
	Fill Cap Gasket - Suitable for DB500 and DB800	A-PG0167	\$65.00

Picture	Description	Part #	Price
	Parker Pneumatic Valve 3-Way Air Control Parker Valve	A-PG0173	\$270.00
	Outlet Pipe for DB800 43-3/16" Outlet Pipe-AB-63 Suitable ONLY for the DB800	P-MF0064	\$405.00
Your outlet pipe is located through the top, middle of your blast pot- connected to the pinch valve/pinch hose swivel			
	DB225 and DB500 34-1/2" Outlet Pipe, 1-5/8" OD. Outlet Pipe for DB225 and DB500.	P-MF0152	\$375.00
Inlet Jet Gasket for use with the DB150, DB225, DB500, DB800, DB1500, or DB3000. The Air Inlet Jet Gasket is located at the bottom of the machine & is used to form a tight connection between your Blast Pot & the Air Inlet Body.			
	1/2" Inlet Nozzle. Hardened Inlet Jet Nozzle for DB225. This jet nozzle is suitable only for the DB225 Blast Pot.	P-MF0141	\$120.00
The Hardened Inlet Jet Nozzle will incur wear faster when dry blasting. Check this item on your blast pot after approximately 400 hours of dry blasting, or 2000 hours of wet blasting. Both, the Hardened Inlet Jet Nozzle and the Inlet Jet Gasket can be found at the bottom of your blast pot.			
	5/8" Inlet Nozzle. Hardened Inlet Jet Nozzle for DB500-3000.  This jet nozzle is suitable for DB500, DB800, DB1500, and DB3000 Blast Pots.	P-MF0142	\$120.00
	M-17 Outlet Elbow Body	P-MF0283	\$305.00

Picture	Description	Part #	Price
	<p>Parker Valve Maintenance Set Includes: Gaskets, Lubricant, Piston and Spring</p>	S-PG0008	\$115.00
 <p data-bbox="235 640 381 703">         *Packing Gland Gasket          *Internal Gasket          *Coupling Seal       </p>	<p>[Kit] Packing Gland Gaskets and Coupling Seal kit. Packing Gland Gaskets and Coupling Seal Kit.</p>	S-PG0027	\$100.00
<p>Gasket and seal Kit includes: Packing Gland Gasket Packing Gland Nut Internal Gasket Coupling Seal</p>			
	<p>This Pneumatic Deadman Rebuild kit is compatible with the DB225, DB500, DB800, DB1500 or DB3000 Models. Includes 5 seat discs, 1 spring, 1 stainless steel spring, 1 steel safety stop, 1 hex steel nut, 1 slotted round head screw, 1 stainless steel hex cap screw</p>	S-PG0028	\$110.00
	<p>[KIT] RPB Nova 3 Complete Startup Bundle. RPB Nova 3 Complete Starter Kit. The RPB Starter Kit is the ultimate safety companion for every abrasive blaster, bundling essential personal protective equipment in one convenient package. It offers superior protection and comfort, ensuring that blasters can focus on their work with the assurance of top-tier safety.</p>	S-NOVA3-COMplete	\$3,715.00
	<p>Nova 3 Helmet and Visor (NV3-705-50)</p>	S-Nova3-TO-LEN	\$105.00

Picture	Description	Part #	Price
	C40 Climate Control Device (Cool & Heat) (03-501C40)	S-NOVA3-O-LEN	\$80.00
	Nova 3 Inner Lens Pack of 10	S-NOVA3-I-LEN	\$85.00
	SLV5 - Tungsten Carbide All - Purpose (SLV) Venturi Sandblasting Nozzle	A-PG0209	\$455.00
	SLV4 - Tungsten Carbide All - Purpose (SLV) Venturi Sandblasting Nozzle	A-PG0208	\$385.00
	DB150 Nozzle head shut off valve	A-MF0465	\$935.00
	Pinch Valve Plate	F-MF0151	\$200.00
